Good afternoon Charlotte PCEA!

I hope this email finds everyone healthy and doing well on this steamy August day. As we continue to navigate life with COVID refusing to go away, things continue to be volatile across our industry. From new closures, to new mandates to ongoing supply-chain issues, we are all having to pivot almost daily to keep our clients happy and business rolling. I know everyone shares my frustration with the entire situation, so hopefully we will turn a corner soon!

Fall 2021 looks to be exciting and busy for all of us. School has begun for students (and parents) and soon enough the holiday season will be here. Time continues to fly and hopefully our industry remains in high-gear and high-demand and the remainder of the year will be profitable for us all!
